Option #3 Annual Screen

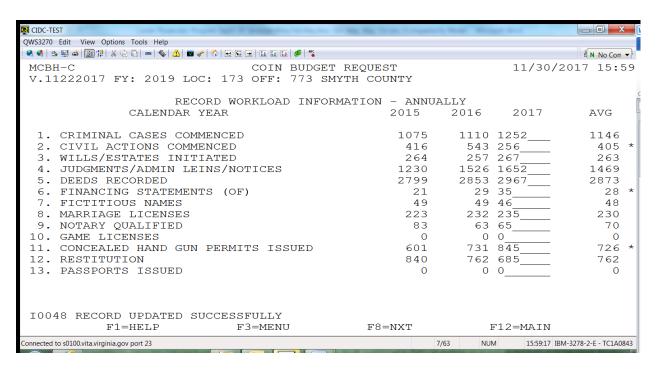

- 1. CRIMINAL CASES: Criminal cases commenced as reported on the monthly caseload reports. If the caseload reports are properly prepared, each count in the indictment is a separate case and each reinstatement is a separate case. Some of the work included is setting up the file and docket; summoning the grand jury and grand jury witnesses; issuing capiases; determination of indigence; receiving all papers filed; attending all hearings; processing all orders; summoning trial jurors and witnesses; securing exhibits; payment to jurors and witnesses; allowing the public and press access to case papers; keeping track of court reporter cost and recordings; keeping track of court-appointed attorney cost; computing fines and costs; collecting fines, costs and restitution; debt set-off processing; communicating with prisoner, DMV, Department of Corrections and Probation and Parole office; preparing record for appeal to higher court; filming and indexing orders and maintained files.
- 2. CIVIL ACTIONS COMMENCED: Civil Action cases commenced as reported on the monthly caseload reports. Counted at the time cases are filed even though the case may remain on the docket for years. Any trust fund administration is included as part of the original case and not as a separate case. Reinstatements are counted as separate cases. Law cases on the average take more of the clerk's time than chancery because chancery cases rarely require a jury and many are decided in chambers on written depositions.
- 3. WILLS/ESTATES INITIATED: A file opened for a decedent, a trust or a person under a disability, counted only at the time the file is initiated and not re-counted at the time of subsequent transactions. This should include affidavits of intestate transfer. A single case may involve the probate of will, the qualification of an executor, recording a bond, recording list of heirs, certificates of qualification, recording final accounting, and perhaps many interim accounting, perhaps qualification of administrator, c.t.a., d.b.n., recording affidavit of probate notice, show cause orders and court hearings on delinquent fiduciaries; and writing clerk's order associated with any of the above. At the other extreme, a case MAY BE NOTHING MORE THAN THE RECORDING AND FILING OF AN AFFIDAVIT OF INTESTATE TRANSFER.

17

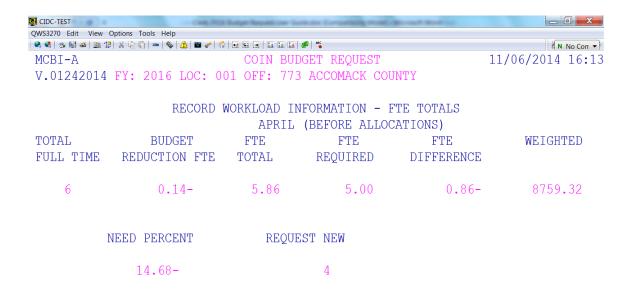

Option #7 Record Workload Information Option #3 Annual Screen

- 4. JUDGEMENTS/ADMIN LENDS/NOTICES: All court judgments and administrative liens and notices required to be recorded in the judgment lien docket. Only original judgments are counted. The work involved includes receiving the judgment with fee at the counter or through judgment worth fee at the counter or throughout the mail, and logging it in; filming or typing the judgment in the docket book according to local practice; maintaining an up-to-date index, assisting the public in determining what is on their record; and recording assignments and releases.
- **5. DEEDS RECORDED**: Each separate instrument recorded in the land records. When more than one instrument is included in a single document recorded, they can be counted separately. The work involved includes computing the fees and taxes and collection payment; logging into the instrument; filming and indexing; maintains the land records for use by the public, and providing transfer.
- **<u>6.</u> <u>FINANCING STATEMENTS:</u>** Only original filings are counted. Continuation and termination statements are considered part of the same case.
- <u>7-11 FICTITIOUS NAME, MARRIAGE LICENSE, NOTARY QUALIFIED, GAME</u>
 <u>LICENSES:</u> Count each activity that occurs, except for game licenses count each privilege, even if it is on one sheet of paper, for which the clerk receives a \$1.00 fee per privilege.
- 11. CONCEALED HANDGUN PERMITS: Each application filed, whether approved or not and including any transfer from another jurisdiction. The court reported should be consistent with the number reported on the monthly caseload statistics reports.
- 12. **RESTITUTION:** The total number of checks written for Restitution within the Calendar year.
- 13. PASSPORTS ISSUED: Information is collected, but is not weighted for staffing standards.

Pressing "F8" from the Annual workload screen brings up the percent of need screen for your office.

Option #3 Annual Screen

This screen shows the following information based on the data entered during the budget request process:

- Total Full Time- The total full time employees currently in the office
- Budget Reduction FTE- The Full-Time Equivalent adjustment made to current CB FTE and is based on the actual salary amounts reduced as a result of budget reductions divided by the average salary of a position.
- FTE Total- The total number of Full Time equivalent positions this office has
- FTE Required- According to the workload information they have submitted and the weights attached to each workload, this is how many full time positions this office should have.
- FTE Difference- The difference between the FTE Total and FTE Required
- Weighted- The weighted workload is the combined result of multiplying the 3-year average of each workload item by their applicable weights.
- Need Percent- The percent of need for your office
- Requested New- The number of new positions requested

STAFFING METHODOLOGY

Calendar year transaction data for each workload element is supplied by each of the Clerks' offices during the budget request process each year. To determine the hours worked, a three-year average of transactions is multiplied by the following weights developed in conjunction with the VCCA, which represent the median time per transaction reported to perform each type of workload transaction:

<u>WORKLOAD</u>	WEIGHTS
Criminal Cases	8.59
Law Cases	2.31
Wills & Estates	1.62
Deeds	0.61
Judgments	0.44
Financing Statements	0.35
Marriage Licenses	0.66
Game Licenses	0.20
Fictitious Names	0.38
Notary Qualified	0.39
Concealed Handgun Purchases	0.64
Restitution	0.46

After determining the total weighted workload for each office, staff need is calculated by the following formula:

Staff Need = Fixed Staff + (Total weighted workload/ Variable workload factor)

Office Size based on Weighted		Fixed	Variable Wkld	
Workload Hours		Staff	Factor	
Small	0	11,999	2.50	
Mid	12,000	59,999	3.00	3,500
Large	60,000	229,999	5.00	
Super	230,000	+	7.00	

The allocation of additional hourly-wage (part-time) funds is made using the same methodology.

 Select option 3 "Annual" you will only have to enter workload data in January for the previous calendar year
